

Dear colleagues!

The reports recommended by the BelSPM-2025 program committee will be published in expanded form (full-text articles, 6-10 pages) in the following journals after the conference:

1. "Proceedings of the National Academy of Sciences of Belarus. Physical-technical series" (<https://vestift.belnauka.by/jour>)
2. "Friction and Wear" (<http://fwj.mpri.org.by/en/>)
3. "Polymer Materials and Technologies" (<https://pmt.mpri.org.by/>)
4. "Measurement Devices and Methods" (<https://pimi.bntu.by/jour>)
5. "Mechanics of Machines, Mechanisms and Materials" (<https://mMMM.by/en/>)

The articles will be published only after receiving a **positive review**.

The articles must be formatted in accordance with the journal requirements.

Articles must be accompanied by permission (expert opinion) for publication.

One conference participant (in person) can publish **only one article**.

The organizing committee will provide support for articles (collection of selected articles with expert opinions, sending to the journal).

The selection of papers and notification will be carried out after May 1, 2025 (after the deadline for submitting reports). All information about the deadlines for submitting full-text articles will also be communicated after May 1, 2025.

-
- The Organizing Committee reminds of the dates:
- until April 1, 2025** – An application for the participation in the Conference
 - until May 1, 2025** – Provision of the full text of the report, drawn up according to the requirements of the organizing committee
 - until June 1, 2025** – Payment of organizational fee as the 'publication-only' fee (without attending the conference)
 - until August 15, 2025** – Payment of conference fee

Please note that in order to publish reports in the collection, **permission (expert opinion) for publication is also required**.

All information can be found on the conference website:
